

Photography and Film

The Property

Our property showcases undisturbed woodlands, 9 miles of riverfront, open fields, wildflower meadows, old oak trees, indigenous fishing weirs, a historical cave, an outdoor pavilion, and a observation tower overlooking a field where an old horse track used to sit, all which make for the perfect backdrop of your next photoshoot or production.

Professional Photo Shoots

Kingston Downs is a private property, and professional photo shoots are not permitted without prior permission and payment of our property access fee. Professional photoshoots are, but not limited to engagements, family portraits, graduation, prom, homecoming and other situations that may or may not include hiring a third party photographer.

Our fee is \$250 for 3 hours of access for up to 6 people. For a larger group, it's \$50/person over.

Commercial Photography and Filming

Commercial photography is intended to showcase a product or other commercial interest while filming is specific to film or television productions. Requests must be submitted at least 72 hours in advance to allow us to review and assess any potential impact on other guests or activities. All commercial photographers and filmmakers must provide proof of liability insurance, with Kingston Downs named as an additional insured party prior to the shoot.

Fees will be determined on a case-by-case basis, depending on the scope and nature of the shoot.
